

## Letter of Certification

**Date:**

**Project:**

**Location:**

**General Contractor:**

**Architect:**

**Mason Contractor:**

I certify that Type II/I Portland Cement manufactured by Lafarge North America at the Ravena, NY plant for the above mentioned project, meets all applicable ASTM C-150 and AASHTO M-85 specifications for Type II and Type I .

The Ravena Type II/I cement also conforms to the New York State Department of Transportation specification for low alkali cement. This specification requires the cement to have an equivalent alkali ( $\text{Na}_2\text{O}$ ) content of less than 0.70 % at time of shipment.

Ravena Type II/I equivalent alkali content typically is 0.54% - 0.64%.

Sincerely,

Randolph Bitely  
Quality Manager

### *Warning!*

Freshly mixed cement, mortar, concrete, or grout may cause skin irritation or injury. Avoid prolonged contact with the skin and wash exposed areas promptly with water. If any cement mixtures come in contact with your eyes, flush with water for at least 15 minutes. Consult a Physician immediately. **KEEP OUT OF REACH OF CHILDREN**
